Association of Nurses in AIDS Care (ANAC)

Mission

ANAC fosters the professional development of nurses and others involved in the delivery of health care for persons at risk for, living with, and/or affected by the human immunodeficiency virus (HIV) and its comorbidities. ANAC promotes the health, welfare and rights of people living with HIV around the world.

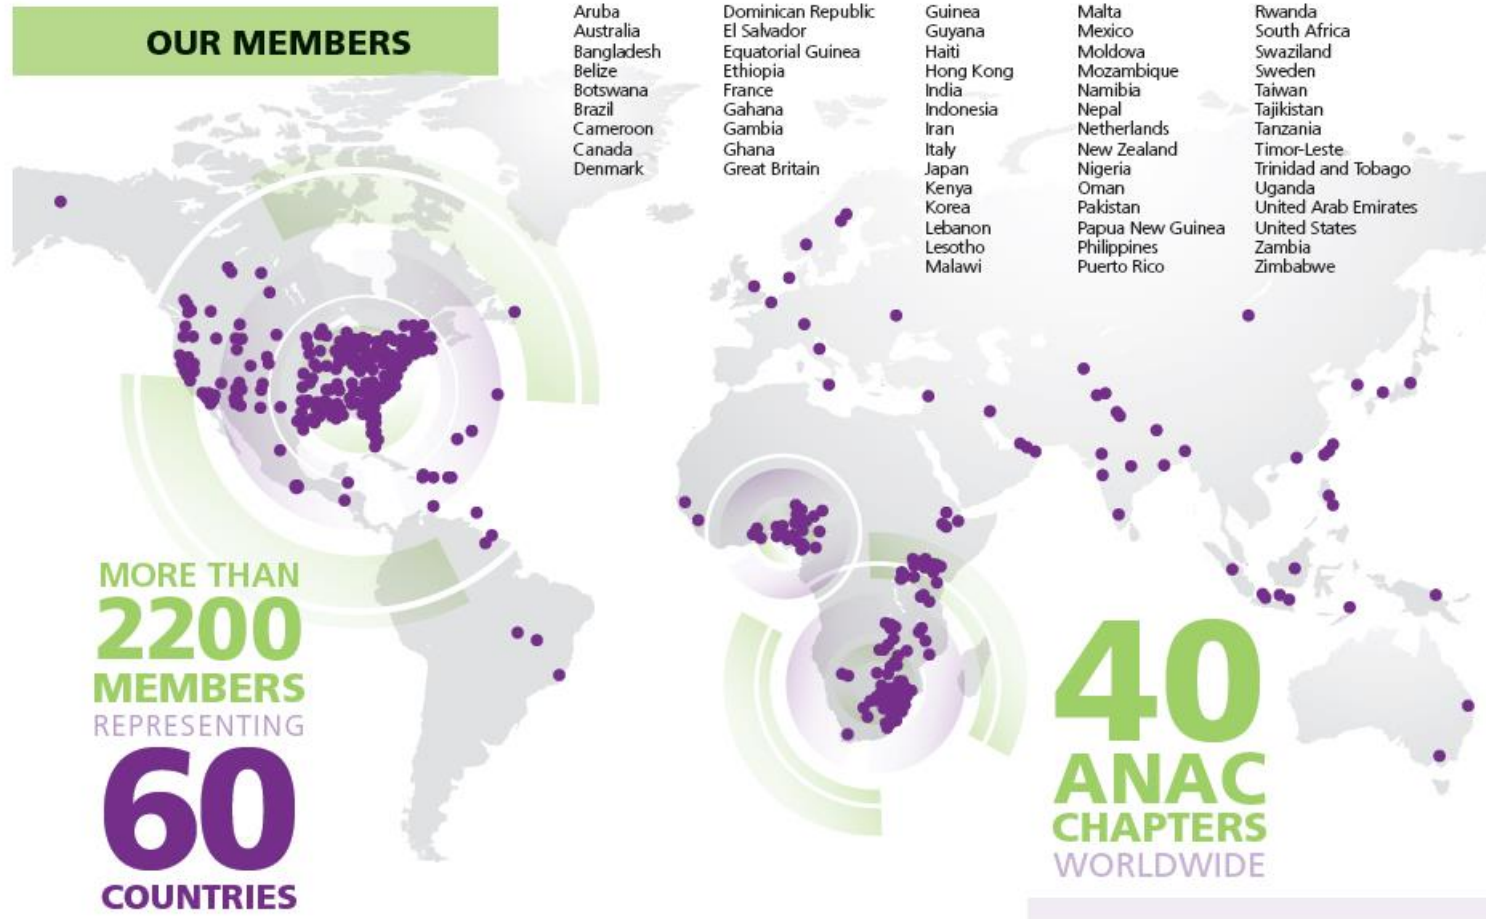

About ANAC

Founded in 1987, we achieve our mission by:

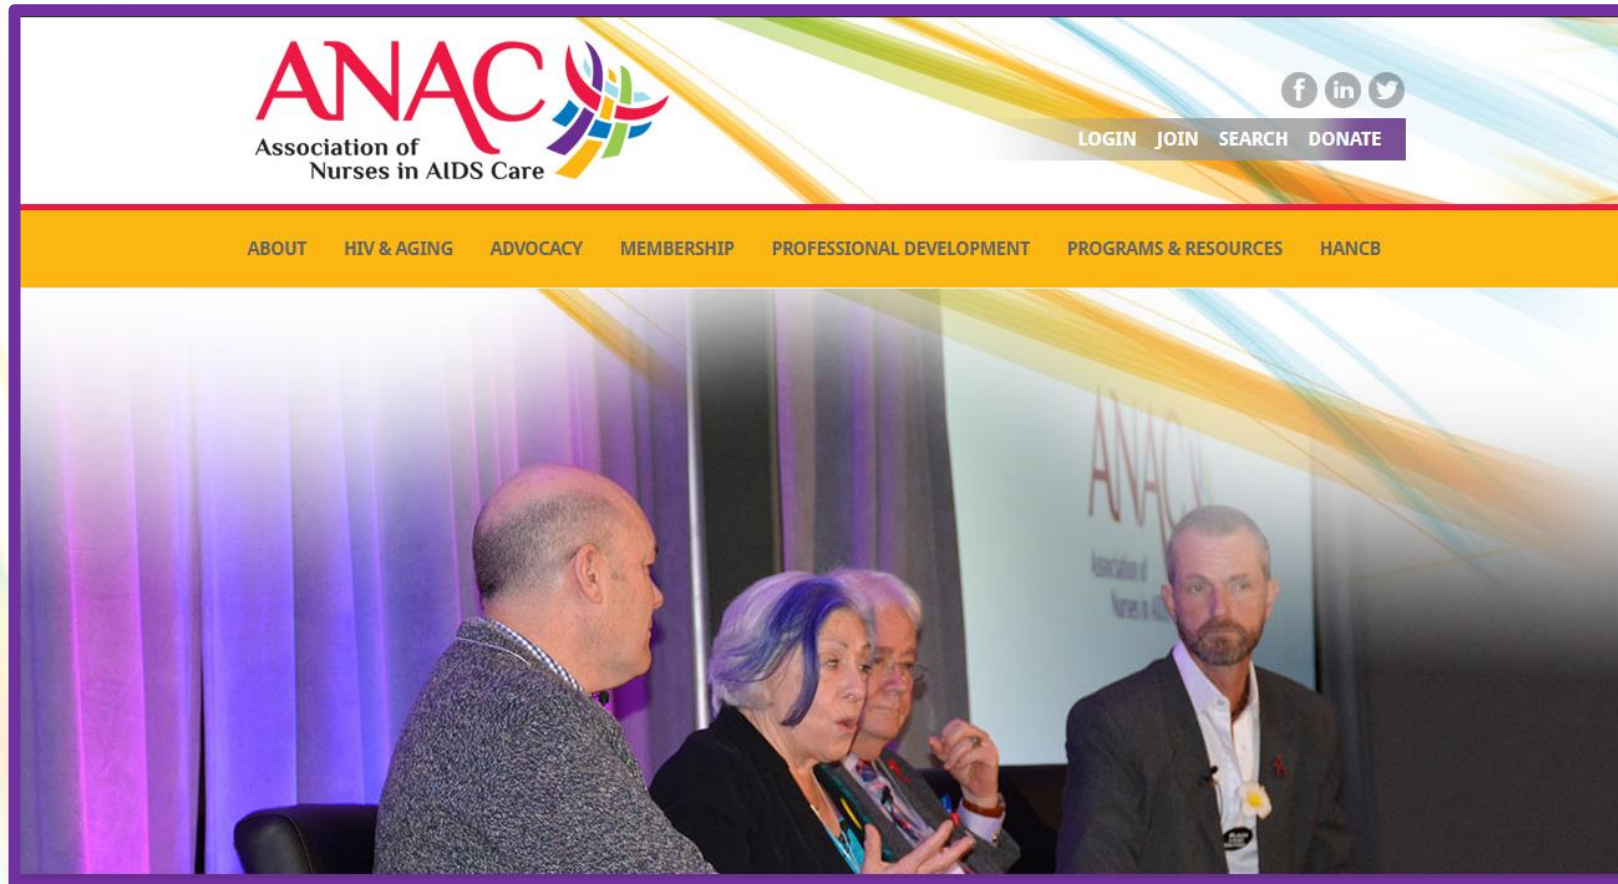

- Creating an effective network of nurses and others in HIV care
- Studying, researching and exchanging information, experiences and ideas leading to improved care for persons with HIV/AIDS
- Providing leadership to the nursing community in matters related to HIV/AIDS
- Advocating for people living with HIV
- Promoting social awareness of issues related to HIV/AIDS

Inherent in these goals is the abiding commitment to the prevention of further HIV infection.
